May 28, 2009

Dear Shark Parents and Players:

It seems like the 2009 football season can't get here soon enough! We have been working hard to prepare for the upcoming season and have many exciting things going on.

We have implemented a new program this summer, the Specialized Performance and Ultimate Training Camps began on Tuesday, May 26 and will be held every Tuesday and Thursday through June 25 at Woods Park from 6:30-8:00. Each week we focus on drills that improve performance for the specific positions focused on that week, then on Sundays we will be holding competitions using the skills worked on the previous week. The performance training will help prepare our athletes for the upcoming fall season and enable them to compete at the next level. It's never too late to come to camp, as the design is such that you can come to every week, or sign up just for the weeks that are of interest to you. You can get a registration form from the NYAA web site- www.nyaasharks.com , or you can come to Woods Park on Tuesday or Thursday.

We have 5 Shark Select Baseball teams that are in full swing right now and it is proving to be a very successful season for everyone! We will be holding try-outs for next spring in the near future. If you are interested in participating in Shark Select Baseball please contact us. We will have try-out times posted on our website.

We also had 5 Shark Basketball teams that competed this past winter and have, once again, had a successful season. Watch for information coming out at the end of the Fall Football Season regarding Shark Basketball, and as always, info will be posted on the NYAA website.

Make sure you don't miss the June edition of the STAR CITY SPORTS PAGES- the Sharks are featured in a special spotlight story. You will also want to check out their website- www.mystarcitysports.com for the new Shark ad linking readers to our website!

As always, you can expect more exciting improvements and /or changes in the many activities and events this year. I would like you to be a part of these times. Have you considered volunteering your time to NYAA? We need you. If interested, please contact me direct by mail at P.O. Box 21991, Lincoln, NE 68542 or via phone at 402-438-4686.

Sincerely,

Jerall Moreland, President
Nebraska Youth Athletic Association
